

## 2026 ASSESSMENT CHANGE REPORT

# Residential, condominiums and townhomes

SORTED BY: NEIGHBOURHOOD

PRODUCED JANUARY 12, 2026

Edmonton

Because every property is unique, not all neighbourhoods or condominium units reflect the city-wide median change in assessed property values.

Every year, the City updates market values for all properties within Edmonton as required by provincial legislation. This market value update is then used to determine the amount of municipal and provincial education property taxes property owners pay in relation to the value of the real estate they own.

Between July 1, 2024 and July 1, 2025, a typical condominium unit or townhome in Edmonton saw an increase in values of **7.76 per cent**.

The typical condominium unit in Edmonton is assessed at **\$208,000**.

This report outlines the median assessed values for condominiums and townhomes in each Edmonton neighbourhood, where the property count as of December 31, 2025, was greater than 50.

## 2026 ASSESSMENT CHANGE REPORT

# Residential, condominiums and townhomes

SORTED BY: NEIGHBOURHOOD

PRODUCED JANUARY 12, 2026

The median assessment value for **2026**.

Neighbourhood	Ward	2026			2025			2024 - 2025 Median of Percent Changes	
		Property Count	Median Assessment	2025 - 2026 Median of Percent Changes	Property Count	Median Assessment	2024 - 2025 Median of Percent Changes		
ABBOTTSFIELD	Métis	376	\$165,500	10.37%	376	\$149,500	12.89%		

Total number of properties that were considered “100% complete” in that neighbourhood as of December 31.

The median of the percentage changes in assessment values for each property from **2025 to 2026**.

### How do we calculate this number?

First, we determine the percentage change in each property’s individual assessment.

Then, we calculate the median of these percentages.

This change does not represent the difference between the 2025 and 2026 median assessments.

The median of percentage changes is a good indicator of value fluctuations within a group of properties.
