Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$700.00 - 2022 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site on 127 Street NW that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.

- The owner is advised that 127 Street is part of the active transportation network and the existing Bike Network. It has been designed to include bike lanes within the 127 Street road right-of-way. If the applicant chooses to apply for a front access variance, it may not be supported by Subdivision Planning's transportation review team.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. - The existing services (water and sanitary) enter the proposed subdivision approximately 4.61 m north of the south property line of the proposed Lot 15 (southern lot) off of the lane. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).
