RE: Tentative plan of subdivision to create separate titles for a semi-detached dwelling from Lot 2, Block 31, Plan 276HW, located south of 75 Avenue NW and east of 111 Street NW; **MCKERNAN**

The Subdivision by Plan is APPROVED on August 25, 2022, subject to the following conditions:

1. that the owner make satisfactory arrangements with EPCOR Water Services Inc. and EPCOR Drainage Services for the provision of separate services (water and sewer) to the proposed eastern lot; and
2. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 7 of the Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$700.00 - 2022 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site on 75 Avenue NW that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 4.92 m east of the west property line of Lot 2 off 75 Avenue. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

- Access for future development must be to the adjacent alley in conformance with Mature Neighbourhood Overlay Section 814.3(17) of the Zoning Bylaw #12800.
- The Allendale neighbourhood is on the Neighbourhood Alley Renewal Program. This specific site is scheduled for renewal sometime between 2023 to 2025. This renewal work includes addressing surface drainage issues in the alleys, providing a 4m width where possible, paving alley surfaces, and upgrading existing alley lighting to LED fixtures. Some alleys currently not identified for construction may be impacted as determined in the field at time of construction. Subdivision Planning recommends that the owner/applicant contact Program Manager Brenda Dola at 587-984-1608, or at brenda.dola@edmonton.ca. for information about project status, scope, timing or public engagement. To coordinate any work on road right-of-way, please email BuildingGreatNeighbourhoods@edmonton.ca.

- The existing services (water and sanitary) enter the proposed subdivision approximately 2.79 m east of the west property line of Lot 23 off 65 Avenue, 4.8 m east of the west property line of Lot 24 off 65 Avenue, and 2.81 m east of the west property line of Lot 25 off 65 Avenue. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.

- Multiple services are providing service to proposed Lot 24A. In accordance with City of Edmonton Design and Construction Standards Volume 4 (April 2021) Section 1.9.1.6.2, a Caveat of Restrictive Covenant for Check Valve Installation must be registered on title where more than one service is provided to a single lot. Check valves must be installed and maintained at the applicant's expense where looping of the water main back to the public system is planned or exists.
- Alternatively, the applicant may submit a request to abandon the service that will not be utilized for the proposed development to EPCOR Infill Water and Sewer Servicing.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
 - After applying Edmonton Fire Rescue Services' (EFRS') Guideline for Accepting Spacing Deficiencies between Existing Hydrants for sites that require on-street fire flows 180L/s, it was determined that the existing hydrant spacing gap is acceptable. Therefore, upgrades to the existing municipal fire protection infrastructure is not required for this LDA (SUB) application.
 - The results from the above-mentioned assessment applies to the current RF3 zoning. Future rezoning, subdivision and/or development permit applications will require a re-assessment by EPCOR Water Services Inc. (EWSI) and may trigger construction of upgrades to the existing municipal on-street fire protection infrastructure.
 - The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

RE: Tentative plan of subdivision to create one (1) additional single detached residential lot from Lot 13, Block 25, Plan 4786HW, located north of 91 Avenue NW and west of 79 Street NW; **HOLYROOD**

The Subdivision by Plan is APPROVED on August 25, 2022, subject to the following conditions:

1. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 7 of the Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Enclosures

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$700.00 - 2022 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site on 91 Avenue NW that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley in conformance with Mature Neighbourhood Overlay Section 814.3(17) of the Zoning Bylaw #12800.

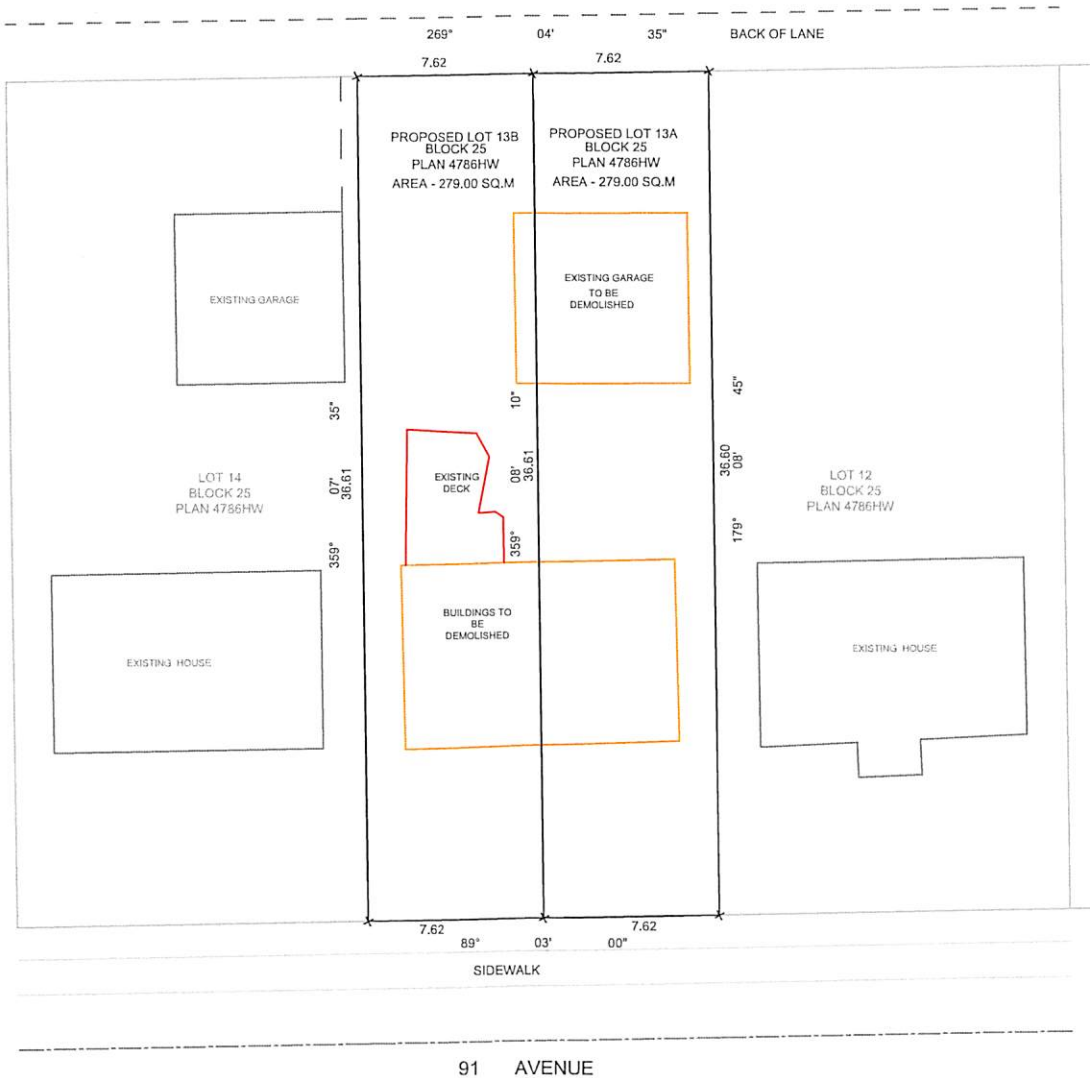

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 9.26 m east of the west property line of Lot 13 off of the lane. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- There is a water main located within a laneway adjacent to the north property line of Lot 13. Any party proposing construction involving ground disturbance to a depth exceeding 2.0 m is required to enter into a Facility Proximity Agreement with EPCOR Water, prior to performing the ground disturbance. Please contact waterlandadmin@epcor.com with your request or for more information.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).
