RE: Tentative plan of subdivision to create 137 single detached residential lots and 75 row housing lots from Lot 2, Block A, Plan 4636 MC and the NE-13-53-26-W4M located located north of Yellowhead Trail NW and west of Winterburn Road NW; **KINGLET GARDENS**

The application was originally approved on February 10, 2022. This change request swaps Phases 2 and 3 and re-lots the row housing along the east side of Kinglet Boulevard, resulting in one less lot.

I The Subdivision by Plan is APPROVED on December 7, 2023, subject to the following conditions:

1. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
2. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., EPCOR Water Services Inc., and EPCOR Drainage Services, as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
3. that the owner register temporary public access easements for a temporary roadway connection north of Phase 2, as shown on the "Conditions of Approval" map, Enclosure I;
4. that the subdivision boundary be amended to include the collector roadway adjacent to proposed Phase 2 and Phase 5, to provide the logical roadway extension to support development, as shown on Enclosure I;
5. that the subdivision boundary be amended to exclude the complete intersections of Kinglet Drive and Kinglet Boulevard and Kinglet Drive and Wren Crescent, as shown on Enclosure I;
6. that the owner be permitted to register this plan of subdivision in phases in sequential order, as shown on the "Conditions of Approval" map, Enclosure I; and
7. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

II The Servicing Agreement required in Clause I (2) shall contain, among other things, the following conditions:

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner pay the Drainage Assessments applicable to this subdivision;
4. that the owner pay the Arterial Roadway Assessments applicable to this subdivision;
5. that the owner pay the Fire hall Offsite Levy applicable to this subdivision;
6. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
7. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
8. that the owner submits redline revisions or resubmit engineering drawings, subject to the extent of the proposed revisions, to the satisfaction of Development Servicing Agreements;
9. that the owner constructs temporary 6 m gravel surface roadway connections with Phase 4 to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to Construction Completion Certificate (CCC) for roads (or when required by Subdivision and Development Coordination);
10. that the owner constructs a temporary 4 m gravel surface roadway connection with Phase 2 to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to Construction Completion Certificate (CCC) for roads (or when required by Subdivision and Development Coordination);
11. that the owner constructs the collector roadway to an approved Complete Streets design and cross-section, including a 3 m shared use path along the south side of the roadway, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I. There is a significant grade difference between Lark Landing NW, the proposed collector roadway, and the existing 124 Avenue NW rural roadway that will trigger additional requirements at the engineering drawing stage. Details of this requirement and the Complete Streets design and cross-section of the collector roadway will be further reviewed and finalized through the engineering drawing review and approval process;
12. that the owner construct all fences wholly on privately-owned lands, to the satisfaction of Subdivision and Development Coordination, as shown on the "Conditions of Approval" map, Enclosure I; and
13. that the owner is responsible for the landscape design and construction within the Public Utility lot and road right of way to the satisfaction of City Departments and affected utility agencies.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

With the registration of Phase 1, Municipal Reserve was addressed by registering a Deferred Reserve Caveat (DRC) on the NE 13-53-26-W4.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

RE: Tentative plan of subdivision to create one (1) additional single detached residential lot from Lot 4, Block 31, Plan 2028 AO, located north of 109 Avenue NW and east of 153 Street NW; **HIGH PARK**

The Subdivision by Plan is APPROVED on December 7, 2023, subject to the following condition:

1. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$700.00 - 2023 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- Access for future development must be to the adjacent alley in conformance with Mature Neighbourhood Overlay Section 814.3(17) of the Zoning Bylaw #12800.
- There is an existing access to 153 Street NW. Upon redevelopment of proposed Lot 4A, the existing residential access to 153 Street NW must be removed. The owner/applicant will be required to obtain a Permit to remove the access, available from Development Services. Apply online at www.edmonton.ca/permits.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 6.77 m north of the south property line of Lot 4 off 153 Street. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc.
