## 50 Street Widening-CP Railway Grade Separation Drainage Work

Upcoming work on the drainage systems on 84 Avenue and 46 Street is scheduled to begin the week of June 12 and will be completed by the end of June. This work is required to support the construction of the future 82 Avenue connection to the Kenilworth community. The intersection will be closed for the duration of the work. During this closure, traffic can use the newly constructed service road on the east side of 50 Street between 90 Avenue and 84 Avenue. For more information, please see the attached maps below.
