

Capital Profile CM-66-2585 Safe Crossings Program

Question: Please provide a prioritized list of locations.

Answer: The dynamic inventory of locations considered through the Safe Crossings Program grows and evolves as new crossings are added to the City’s network or as existing locations are identified for upgrades. Each year, this list of locations is reviewed to incorporate updated information and data, which can result in changes to prioritization. This allows for a nimble response to new and emerging safety concerns on Edmonton’s streets. This approach also ensures that the list of locations is current and is prioritized based on the principles outlined in the [Safe Crossings program](#).

CM-66-2585 enables funding to address approximately 400 locations over the 2023-2026 budget period. The table below lists the 466 locations that have currently been identified and prioritized as needing engineering improvements to support safer and more livable streets in Edmonton.

Following budget approval, the list of the locations identified for upgrades will be posted on the [Safe Crossings interactive map](#), and more specific information is updated annually to include the improvement type and construction timelines for that year’s projects.

Prioritization	On Street	At Street	Ward
1	142 St	109 Ave	Nakota Isga
2	30 Ave SW	Allard Link SW/Cummingham Dr	Ipiihkoohkanipiahtsi
3	50 St	123 Ave	Métis
4	Gateway Blvd	71 Ave	papastew
5	Jasper Ave	122 St	O-day'min
6	30 Ave SW	111 St SW (East of)	Ipiihkoohkanipiahtsi
7	Rosenthal Blvd	Rosenthal Way	Nakota Isga
8	Watt Blvd SW	53 St SW	Karhiio
