The City of Edmonton is selling a fully serviced 0.66 acre parcel, ideal for a low to medium-density multi-family or mixed-use development within the heart of the Blatchford Area. The current zoning for this site allows for a variety of both residential and commercial uses making it ideal for a 4-6 storey residential development with the ability to offer ground floor commercial uses. Nearby amenities include The Northern Alberta Institute of Technology (NAIT), Kingsway Centre, Kingsway Mall, and the NAIT/Blatchford Market LRT Station. The lot abuts a Greenway (walkway) which leads pedestrians to the storm pond's trail system. The central location of this site and proximity to public transit makes access to anywhere in the City highly convenient.

PLEASE NOTE: In alignment with the Housing Accelerator Fund this site may be eligible for grant funding to support District Energy infrastructure costs. This funding agreement will be managed independently from the sale agreement and is subject to change until the agreement is signed and will require a Building Permit to be acquired before Q3 2026.
