

Construction Notice: Capital Line South LRT - early work

Hydrovac work near 111 Street between 23 Avenue and 9 Avenue

Starting on or around April 27, the City of Edmonton will be conducting hydrovacating to verify existing utility lines along the future Capital Line South LRT extension. The work will take place at various locations along 111 Street between 23 Avenue and 9 Avenue.

The work includes drilling boreholes, locating utilities and taking measurements that will guide the design and construction of LRT infrastructure.

What to Expect:

- This work is scheduled to start on or around April 27 and is expected to be completed within two days.
- This work will occur during daytime hours (9 a.m. – 3 p.m.).
- There will be noise from the hydrovac trucks.
- Pedestrian access will be maintained.
- Access to ETS bus stops will be maintained.
- Every effort will be made to reduce the impact to the public.

111 Street between 23 Avenue and Saddleback Road

111 Street south of Saddleback Road

111 Street between 12 Avenue and 9 Avenue

The information in this bulletin is current as of April 22, 2022. Please note that all dates are approximate and weather-dependent. Thank you for your patience during this work.
