

## Commercial Building - Partial Final Inspection

This inspection, when passed will produce only a partial occupancy document. A [final inspection](#) is required after passing this inspection.

This inspection is conducted **by request only**. Request this inspection when:

Pre-final documents including C-schedules for the areas to be inspected have been submitted in [selfserve.edmonton.ca](https://selfserve.edmonton.ca) and reviewed. Allow for a **minimum of 2 business days** for the review to be completed. Review the [Commercial Building Inspections](#) page for more information.

Key plan identifies areas to be inspected

Operational and updated Construction Fire Safety Plan must be in place. Review the [Construction Site Fire Safety Plan](#) page for more information.

Paper copies of permits and City-reviewed plans are available on site.

If life safety devices (fire alarm and sprinkler systems) are not operational, a fire watch approved by Fire Rescue Services must be in place.

To request and if you have questions about scheduling a partial final inspection please email [buildingic@edmonton.ca](mailto:buildingic@edmonton.ca).
