Check

The following are the most common items audited during this inspection. However, the list is not exhaustive. The work must meet all the applicable codes and standards.

- Pre-final documents including C-schedules for the areas to be inspected have been submitted in selfserve.edmonton.ca and reviewed. Allow for a **minimum of 2 business days** for the review to be completed. Review the [Commercial Building Inspections](#) page for more information.
- Key plan identifies areas to be inspected
- An operational and updated Construction Fire Safety Plan must be in place. Review the [Construction Site Fire Safety Plan](#) page for more information.
- If life safety devices (fire alarm and sprinkler systems) are not operational, a fire watch approved by Fire Rescue Services must be in place.

To request and if you have questions about scheduling a partial final inspection please email buildingic@edmonton.ca.
