Updated: January 2024

Background

In Edmonton, approximately one in five individuals has a mental health concern. Recreation and leisure opportunities are important components of maintaining good mental and physical health. The Community Linking Committee was formed to address the need for the provision of high quality, low cost community leisure programs for individuals with mental health concerns in the Edmonton area.

Purpose

To provide leisure programs for adults with addictions &/or mental health concerns (e.g. schizophrenia, major mood disorders), who would benefit from supportive leisure environments.

Objectives

- To introduce a wide variety of low cost community based activities
- To teach and develop leisure skills
- To provide an opportunity for socialization
- To increase awareness of leisure opportunities in Edmonton
- To increase community acceptance of persons with addictions & mental health concerns

Please Note

Programs run every day with the exception of the following:

- Statutory Holidays
- Two week break during the Christmas Holidays
- During extreme weather (colder than -23*, extreme heat advisories, air quality index advisories, tornado warnings, etc).

Please call program facilitator to confirm if the program is running that day if you are unsure.
