# Territory Acknowledgement

# Agenda

1. Introductions
2. Project Overview
3. Latta Bridge Replacement
4. Kinnaird Bridge Rehabilitation
5. Q and A
6. Next Steps

## Project Overview

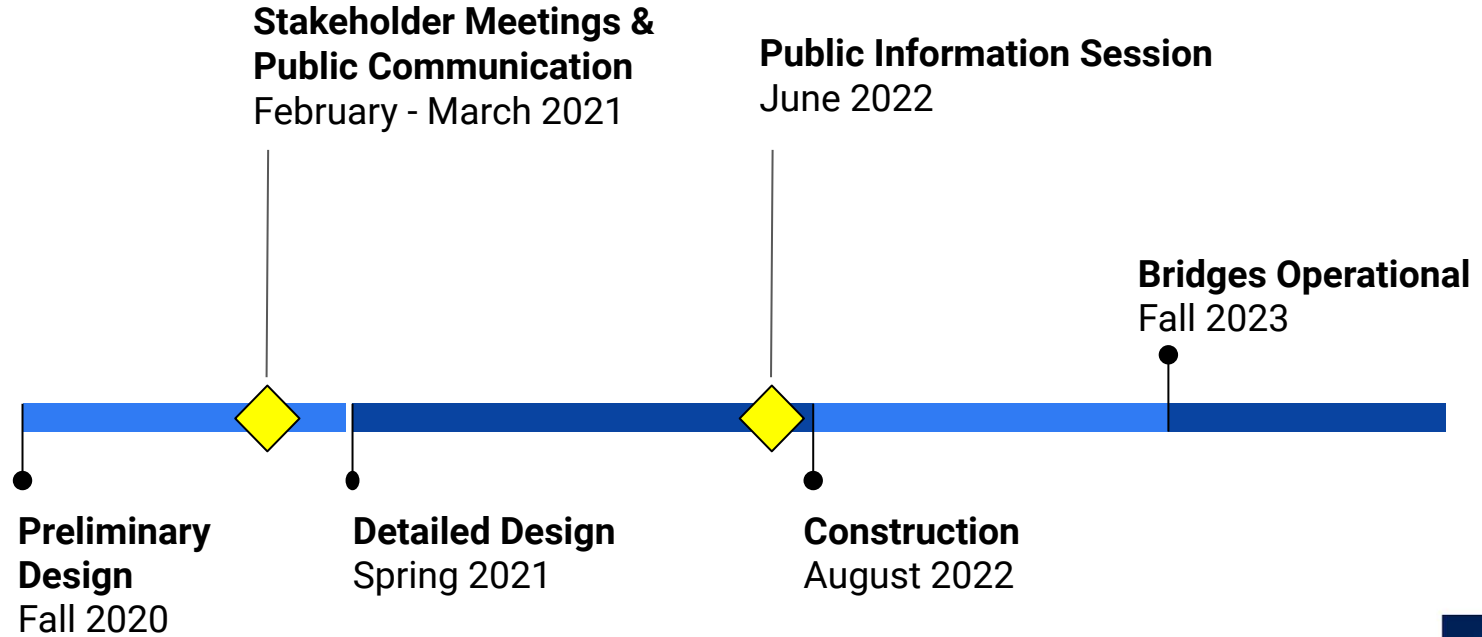

### Rehabilitation:

Extend service life of structure (25-30 Years) through regularly scheduled assessment, maintenance and rehabilitation.

### Replacement:

When infrastructure has reached a point where rehabilitation is no longer economical. Existing bridge does not meet current City standards. Includes demolition and construction of a new bridge. Service Life of 75 years.

# Project Timeline

---

*Latta Bridge Replacement*

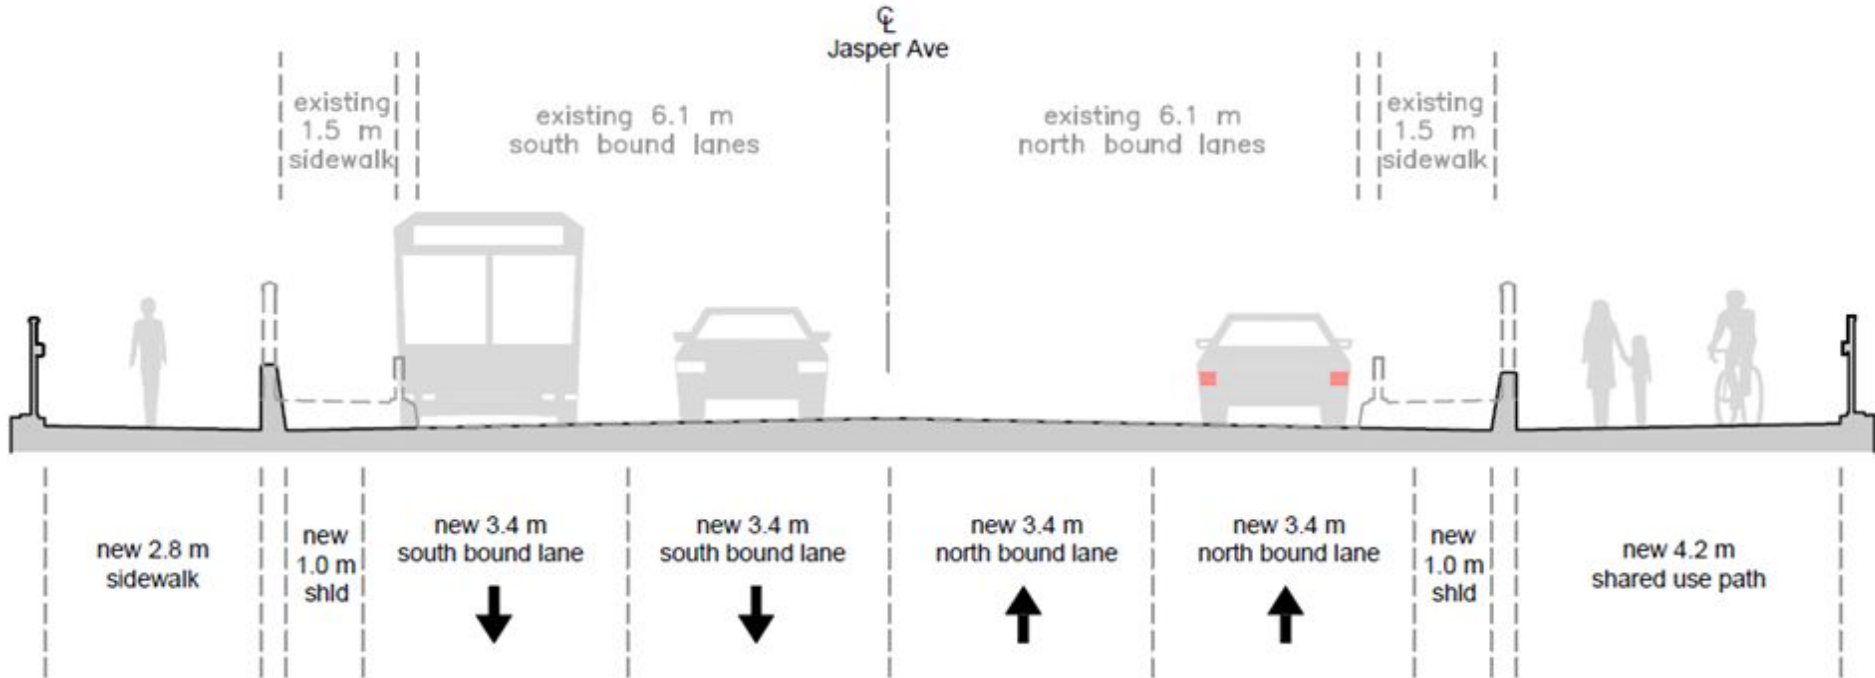

## Latta Bridge

### Construction Activities

- Demolish and remove existing structure
- Salvage bridge plaque and future art display
- Coordinate utilities
- Install new bridge and foundation
