

New Codes timeline for NBC2023(AE) and NECB2020 25January2024

[Municipal Affairs Notification](#) of 25Jan2024

- (1) The transition period for Code changeover
- (2) You may construct under the 'old' Codes upon permit issuance of a building permit application **accepted*** prior to 1 May 2024
- (3) You **may** design (and then construct) under 'new' Codes from 25 January 2024
- (4) You **must** design and construct under 'new' Codes from 1 May 2024. Contact permit office early to discuss code-in-force for phased multi-building sites

- * NOTES:**
- **“Accepted” is when the submission is deemed complete** by the intake screener after application is received in the permit office.
 - ‘Construction-in-progress’ or ‘Plans exam-in-progress’ does **NOT** normally require that plans be updated to new codes.
 - NECB2017 to NECB2020 transition path is parallel to the above - NECB2020 is to be used in tandem with NBC2023(AE).
