

PRESERVATION		CONSERVATION		ACTIVE/WORKING LANDSCAPES		
Protect the integrity of the natural environment and restore natural functioning with limited access and recreational opportunities.		Connect people to nature by allowing people to enjoy and appreciate the System while minimizing environmental impact and restoring ecological functioning, when possible.		Facilitate gathering and recreation within the System, recognize existing uses and encourage restoration.		
NEW Ecosystem Protection	NEW PRESERVATION Trail-based Recreation	CONSERVATION Trail-based Recreation	Natural Recreation	Intensive Recreation	Agriculture + Horticulture	Urban Services + City-wide Attractions
<p>Protect the highest-value and most sensitive ecosystems and features, ensuring that these systems continue to thrive as the city's population grows.</p> <p><b>Compatible uses</b> include conservation and stewardship activities.</p>	<p>Provide a network of trails in Preservation areas to support low-impact trail recreation opportunities while minimizing ecological impacts.</p> <p><i><b>Trail type:</b> non-paved narrow width trails.</i></p> <p><b>Compatible uses</b> include a variety of low-impact trail uses. Foot-based travel and biking are considered compatible unless explicitly prohibited (e.g. through signage).</p>	<p>Facilitate access to and regional connectivity through the System in harmony with the natural environment.</p> <p><i><b>Trail types:</b> non-paved variable width OR paved variable width.</i></p> <p><b>Compatible uses</b> include all types of trail use.</p>	<p>Provide opportunities to rest, linger and enjoy nature.</p> <p><b>Compatible uses</b> include all types of trail use, plus picnicking, unstructured play and river access.</p>	<p>Provide a wide range of recreational opportunities tailored to the River Valley setting.</p> <p><b>Compatible uses</b> include events and festivals, fitness courses and boat launches.</p>	<p>Recognize existing agricultural and horticultural uses.</p> <p><b>Compatible uses</b> include farms and supporting uses.</p>	<p>Support city-wide attractions while acknowledging the importance of urban services to accommodate a growing city.</p> <p><b>Compatible uses</b> include existing development, golf courses and city-wide attractions.</p>
