

# EDMONTON SNOW AND ICE CONTROL

Edmonton

## PARKING BANS

**Snow clearing is a shared responsibility. Have a plan before we call a parking ban.**

**PHASE 1: Major roads including core business areas and bus routes**

 **LASTS UP TO 3-5 DAYS**

**PHASE 2: Residential and industrial areas**

 **LASTS UP TO 3 DAYS WITHIN YOUR COMMUNITY**

Vehicles still in place once the ban is in effect are subject to ticketing (\$250) and towing.

### DID YOU KNOW?

The City clears over 500 km of active pathways and over 12,000 km of roads. That's almost as far as going to England and back.

## SIDEWALKS

Property owners are responsible for snow and ice removal from the sidewalks adjacent to their property. Failure to maintain sidewalks could result in a \$100 fine. Free sand is available at over 750 locations, including community leagues and Roadway Maintenance Yards.

Edmonton is a winter city. Remember, road conditions can change quickly.

## DRIVE SAFELY DURING SNOW EVENTS AND PLAN AHEAD

**Sign up for our new notification tool and receive 24 hours notice of parking bans via email or text!**
