## PARKING BANS

**Snow clearing is a shared responsibility. Have a plan before we call a parking ban.**

**PHASE 1: Major roads including core business areas and bus routes**

 **LASTS UP TO 3-5 DAYS**

**PHASE 2: Residential and industrial areas**

 **LASTS UP TO 3 DAYS WITHIN YOUR COMMUNITY**

Vehicles still in place once the ban is in effect are subject to ticketing (\$250).

### **DID YOU KNOW?**

The City clears over 500 km of active pathways and over 12,000 km of roads. That's almost as far as going to England and back.

### **SHARED RESPONSIBILITY**

To help increase safety and accessibility, property owners are responsible for clearing the front and sides of their property as soon as possible after it snows.

### **SIDEWALKS**

Property owners can add salt and sand to icy sidewalks. Failure to maintain sidewalks could result in a \$100 fine.

**Sign up for our notification tool and receive 24 hours notice of parking bans via email or text!**
