☎ Main: 587-598-7723

☎ 24/7 response: 587-598-8067

Wrap-around pet services, free pet food and supplies.

EXTREME HEAT

Extreme heat can be dangerous. Drink lots of water even before you feel thirsty, and stay in a cool place.

You can stay cool at open City facilities, such as libraries and recreation centres.

HYDRATION & WATER STATIONS

Drinking water is important to protect yourself from dehydration, heat exhaustion and heat stroke. There is free drinking water at water stations and Transit Stations across the city. Water stations operate until September 30, 2026.

For more information visit
edmonton.ca/ExtremeWeather or ☎ 311

alberta.ca/find-addiction-beds

BAD AIR QUALITY

When the air is smoky, try to stay inside and avoid being active outside. You can also go to open City facilities, like libraries or recreation centres, to get out of the smoke. Free N95 masks are available there too.

SHELTERS ARE THE SAFEST OPTION DURING EXTREME HEAT OR BAD AIR QUALITY

Shelters are the **safest option** this summer to protect you from the extreme heat, forest fire smoke and bad air quality.

For more information visit
edmonton.ca/ExtremeWeather
or ☎ 311
