

Towards 40 Program: Project Areas

Watt Common, from 50 Street SW to Ellerslie Road
54 Street / 4 Avenue SW, from Ellerslie Road to 50 Street SW

These are **low compliance roads**, where the default 40 km/h speed limit is regularly violated and safe driving behaviours can be further encouraged. These roads need improvements to reduce speeding and prioritize safety and accessibility.

For more information on this project, visit edmonton.ca/Towards40Projects or call 311.
