PARKING LOT

The camel barn is a large green building. I may see camels in their outdoor yard near this building, or sometimes they may be inside resting.

Hoofstock are animals with hooves. I may see animals like big horn sheep, and takin in this area.

This building is the reindeer barn. I may see reindeer in and near this building.

The northern leopard frog trailer is not open to the public. Inside the trailer, the Edmonton Valley Zoo is breeding frogs to release back into the wild to fight their extinction. Extinction is when a type of animal disappears from the wild.

Wetland treats is closed in the winter. Come visit in the summer for ice cream and other treats.

This play area looks like an ice cave and melting water. This play area is slippery in the winter. You can play in this area in the summer.

I can play in this beaver lodge play area if I want to.

The Carousel ride has music and bright lights. There may also be a lot of people lined up to wait their turn for a ride. There is no additional cost to ride the carousel.
