December 2019 Employee Check-in

Summary Report

## December Employee Check-in

The City of Edmonton has partnered with Glint to hear from employees on a more regular basis. Glint's philosophy is that higher quality, more frequent, and better-informed conversations about engagement lead to happiness and success for people at work.

The December 2019 Employee Check-in was the City's first employee experience survey outside of the traditional biennial survey each September. This summary outlines what we heard from employees in the Community Standards and Neighbourhoods branch.

Satisfaction Score.

## Branch Response Rate

# Glint Scoring

Glint recommends using the average score rather than the % favourable score, as % favourable does not take into account the full distribution of the response scale.
