# Balwin & Belvedere Year 1 Impact Snapshot 2020

The Neighbourhood Revitalization program offers resources to support both social and physical infrastructure in Balwin and Belvedere.

**June 2018** City Council decided to bring the Neighbourhood Revitalization Program to the neighbourhoods of Balwin and Belvedere

**2019** working closely with a community working group, the Revitalization Strategy for Balwin and Belvedere was developed. In 2020 implementation teams were formed: **Revitalization Guiding Team and Project teams**

2020 - 2021 COVID CONTEXT

2020 working closely with a community capital project team, the neighbourhoods of Balwin and Belvedere were asked their thoughts and ideas on capital investment opportunities

2021 these ideas were synthesized, vetted with neighbourhood stakeholders and prioritized to develop recommendations for capital investments

The Covid-19 pandemic has impacted our neighbourhoods and communities across Edmonton including the implementation of the 1st year of the Revitalization.

## Feedback Received

- "Thanks for sponsoring my Social Enterprise Bootcamp experience. I found the bootcamp very interesting. I am putting the experience to good use. I have been asked to chair a committee of the board of directors of Africa Center (I am a board member) to look at the possibility of establishing or to look at some of the existing programs that could be converted into a social enterprise to generate a sustainable source of funding for some other programs. Africa Centre is a not for profit organization that caters for the advancement of African-Canadians in Alberta." Social Enterprise Bootcamp participant
- "I feel the work this team has done to this point is admirable and challenging. It is admirable because there are people on this team who are trying to make an effort to connect with the community and community members. It is challenging due to the pandemic." - Revitalization Guiding Team member
