## ACCOMMODATION EXEMPTIONS

An employee may request an exemption from the requirement to be fully vaccinated by submitting a request for vaccination exemption to Disability Management on the basis of a protected legal ground, which may include:

- a sincerely held religious belief which prohibits the Employee from receiving a COVID-19 Vaccine (accompanied by a sworn or affirmed declaration of that belief); or
- a medical condition which prevents the Employee from safely receiving a COVID-19 Vaccine (accompanied by medical documentation from a physician licensed to practice in Alberta confirming that the Employee cannot safely receive a COVID-19 Vaccine and the anticipated duration of the required exemption).

Employees submitting a request will be required to provide support for the basis of the request, including providing any information reasonably requested by the City. Employees with an approved exemption will be accommodated as per the City’s accommodation policies, procedure and framework.

- Complete and submit this [Request for Exemption form](#) if you are requesting an exemption from the requirement to be fully vaccinated.

**Note:** If you have an approved exemption and will not receive a vaccination, you DO NOT submit proof of vaccination.
