 Staking Point Example

NOTES

GENERAL

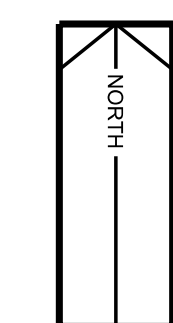

- Accurate base information was not available at the time of production of this drawing set. Base information, including all utilities, is approximate and some existing information is missing. Contractor to verify all information including utility locations prior to construction. Discuss any conflicts with the City Site Designate and agree before proceeding.
- Limits shown are approximate. Contractor to confirm excavation limits with the City Site Designate and agree before proceeding. Excavation around all trees, planting beds, roadways, concrete pad, art installations or any other infrastructure is not permitted.
- Grading information not provided. All grades to match existing.

STAKING CHART
