

Historical Sites Artisan II

DEFINITION

This is basic foreman level supervisory and journeyman level work in the trade of Carpenter.

An employee of this class, in addition to performing journeyman level work of the trade of Carpenter, organizes, assigns and supervises the duties of other journeymen and apprentices engaged in the trade and a number of sub-journeymen and semi-skilled assistants as required. Work of this class involves the maintenance, repair, alteration, fabrication and erection of all types of structures. Work is assigned verbally and/or through written job notices and may be accompanied by detailed plans and blue prints. Work is performed independently with considerable latitude for determining specific job methods, however, priorities are established in consultation with the Foreman, and work is subject to inspection during progress and/or upon completion.

TYPICAL DUTIES*

Organizes, assigns, supervises and participates in the work of other journeymen and apprentices engaged in the maintenance, repair, alteration, fabrication and erection of various structures in shops and field locations throughout municipal facilities.

Repairs roofing surfaces with asphalt, tar, aluminium and wood; installs flashing and vents; applies caulking and water-proofing compounds.

Cuts, fits and installs glass or plastic in door and window frames and other structures.

Builds and repairs cupboards, cabinets, picnic tables, and other furnishings.

Installs and repairs tile, linoleum, baseboards and other flooring materials.

Rehangs doors; lubricates door closers; replaces broken or worn locks.

Sharpens saw blades, chisels, and other tools.

Erects or alters partitions, blackboards, bulletin boards, etc.

Keeps minor records and performs simple administrative tasks.

Performs related duties as required.

KNOWLEDGE, ABILITIES AND SKILLS

Considerable knowledge of the standard methods, materials, tools and equipment of the Carpenter trade.

Considerable knowledge of the occupational hazards and safety precautions of the trade.

Familiarity with the work of related trades.

Ability to plan, assign and supervise the work of subordinates.

Ability to understand and execute oral and written instructions; interpret blueprints, do layout work, and calculate quantities of materials.

Skill in the use of a variety of hand and power tools and equipment of the trade.

TRAINING AND EXPERIENCE REQUIREMENTS

Job Level

Certified Alberta Journeyman in the trade of Carpenter. Three years experience at the journeyman level, including demonstrated supervisory potential. Completion of Level I Foremanship Training or an equivalent recognized by the City of Edmonton; the incumbent must successfully complete Level II Foremanship Training upon appointment. Possession of a Class 5 Alberta Motor Vehicle Operator's License.

** This is a class specification and not an individualized job description. A class specification represents and defines the general character, scope of duties and responsibilities of all positions within a specific job classification. It is not intended to describe nor does it necessarily list the essential job functions for a specific position in a classification. Positions may perform some of the duties listed above but this does not necessarily qualify for placement into this classification.*
