

Tell Us If the Inglewood Neighbourhood Renewal Concepts:

- **Will Help Achieve the Vision**
- **Reflect the Important Elements**

Inglewood Neighbourhood Renewal Vision and Important Elements

In May 2018, the City adopted a vision and set of important elements for Inglewood's Neighbourhood Renewal.

The Vision: Inglewood is a safe and walkable neighbourhood. It is welcoming to everyone, and brings people together through fun, community-building activities. It reflects its diversity and connection to Indigenous history.

The Important Elements:

- A safe neighbourhood supported by lighting and visibility.
- A walkable neighbourhood, supported by accessibility, traffic management, and safe crossing and pathways.
- Common spaces that are functional and have amenities to support fun and community building activity for people of all ages and backgrounds.
- Visual representation of the neighbourhood's diversity, including Indigenous heritage.

The vision is what we hope to achieve through Neighbourhood Renewal. The Important Elements are what we intended to focus on to help achieve the Vision. They were drafted and **ADVISED** by representatives who serve people living, working, or receiving services in Inglewood. They were **REFINED** based on public input through in-person and survey-based public engagement activities in April 2018.

Do the Concepts Support the Vision?

We want your input on whether the concepts that you see for Inglewood will help to achieve the Vision for Inglewood's Neighbourhood Renewal.

Feedback instructions: Consider the concepts that you saw today, and

1. Use a dot sticker to tell us whether you believe the concepts will help achieve the Vision statement.
2. If you answer no, please use a sticky note to tell us what we need to improve upon.

Vision	Yes, the concepts support the Vision	No, the concepts do not support the Vision	What we need to improve on
Inglewood is a safe and walkable neighbourhood. It is welcoming to everyone, and brings people together through fun, community-building activities. It reflects its diversity and connection to Indigenous history.			

Do the Concepts Reflect the Important Elements?

We want your input on whether the concepts that you see for Inglewood reflect the Important Elements for the project.

Feedback instructions: Consider the concepts that you saw today, and

1. Use a dot sticker to tell us whether you believe the concepts reflect the Important Elements.
2. If you answer no, please use a sticky note to tell us what we need to improve upon.

Important Elements	Yes, the concept reflects this Important Element	No, the concept does not reflect this Important Element	What we need to improve on
A safe neighbourhood supported by lighting and visibility			
A walkable neighbourhood, supported by accessibility, traffic management, and safe crossing and pathways			
Common spaces that are functional and have amenities to support fun and community-building activity for people of all ages and backgrounds
