Neighbourhood Empowerment Team

Staff Profile

Mohamed Osman-Abdallah

Youth Liaison
The Family Centre
Southwest Division

Mohamed moved to Canada 5 years ago and pursued a Bachelors of Science majoring in Psychology. Along his journey in Edmonton, he discovered a passion for mental health, community services, and advocating for people from a variety of circumstances and backgrounds. Mohamed volunteered at the campus food bank for 4 years – an experience that he describes as," one of the most fulfilling and nurturing opportunities that allowed me to make a difference in my community."

Mohamed's passion for youth struck him after he took elective sociology classes on juvenile deviance and criminology. Ever since he began to devote his free time to volunteer at programs and activities that serve young people and improve their quality of life. As the NET SW Youth Liaison, Mohamed hopes to bring his education and experience into play and collaborate with a team of unique and multi talented individuals in order to make a difference in the lives of youths in our community.
