

ETS Park & Ride Report – Spring 2016

by Monitoring Services

Sustainable Development | City Planning
City of Edmonton

May, 2016

Introduction

There are a total of 9 ETS Park & Ride locations throughout the City of Edmonton.

Edmonton Transit System (ETS) operates a total of nine Park & Ride sites throughout the City of Edmonton. There are five sites adjacent to LRT Transit Centre's: Clareview (two sites), Belvedere, Stadium and Century Park. There are three sites adjacent to Bus Transit Centre's: Meadows, Lewis Farms and Eaux Claires. The remaining standalone site is the Davies City Lot.

ETS Park & Ride Surveys are conducted three times a year: Spring, Summer and Fall.

Monitoring Services monitors the utilization of all the Park & Ride sites between the hours of 6:00 AM and 11:00 AM during three different time periods in a year; Spring, Summer and Fall. The Spring 2016 Park & Ride Survey was conducted in May, 2016, when universities are out of session and schools are still in session.

Key Findings

- **84%** of all available parking is occupied at the sites adjacent to both LRT and Bus Transit Centre's by 11:00AM.
- **95%** of all available parking is occupied at the sites adjacent to LRT Transit Centre's by 11:00 AM.
- **50%** of all available parking is occupied at the sites adjacent to Bus Transit Centre's by 11:00 AM.
- **68%** of all available parking spaces dedicated for the Paid Park & Ride Program are occupied by 11:00 AM.

ETS Park & Ride Lot Capacity

ETS now offers a total of 5,711 available parking spaces for access to the transit system by vehicle.

ETS offers a total of 5,711 parking spaces for access to the transit system by vehicle. This figure does not include “Reserved Stalls” which can be the following: loading zone stalls, Kiss & Ride stalls, taxi stalls, ETS inspector stalls and Transit Centre Kiosk stalls.

This is the first year that Davies City Lot is being monitored.

A number of changes in capacity have occurred since the previous year’s survey:

- Belvedere and Century Park increased due to updates in the configuration of the available gravel parking spaces.
- Clareview East, Clareview West and Stadium decreased due to updates in the configuration of the available paved parking spaces.
- Meadows increased due to updates in the configuration of the available paved parking spaces.
- Lewis Farm increased due to the addition of a new gravel parking lot.
- Davies City Lot is monitored for the first time.

Table 1: ETS Park & Ride Total Capacity:

Type	Park & Ride Lot	Lot Capacity	% Change from 2015
LRT Station	Clareview East	523	(2.2%)
LRT Station	Clareview West	870	(0.1%)
LRT Station	Belvedere	761	0.9%
LRT Station	Stadium	520	(1.7%)
LRT Station	Century Park	1323	2.3%
	Total:	3997	0.4%
Transit Centre	Meadows	254	0.4%
Transit Centre	Lewis Farms	613	64.3%
Transit Centre	Eaux Claires	391	0.0%
	Total:	1258	23.7%
Standalone	Davies City Lot	456	N/A
	TOTAL SUPPLY	5711	14.2%

There are close to 4,000 available parking spaces at 5 LRT Transit Centre Park & Ride locations.

Table 2: ETS Park & Ride Total Capacity Breakdown by Type:

Type	Park & Ride Lot	Free Stalls	Paid Parking Stalls	Handicapped Stalls	Carpool Parking Stalls	Reserved Stalls
LRT Station	Clareview East	507		12	4	7
LRT Station	Clareview West	624	234	12		10
LRT Station	Belvedere	691	50	15	5	5
LRT Station	Stadium	441	65	9	5	9
LRT Station	Century Park	1116	186	21		25
	Total:	3379	535	69	14	56
Transit Centre	Meadows	248		6		9
Transit Centre	Lewis Farms	604		9		15
Transit Centre	Eaux Claires	383		8		10
	Total:	1235	0	23	0	34
Standalone	Davies City Lot	456				
	TOTAL SUPPLY	5070	535	92	14	90

ETS Park & Ride Utilization Statistics

The following charts offer a three year comparison for eight ETS Park & Ride locations. Since this is the first year monitoring Davies City Lot, there is insufficient data to offer a three year comparison.

Utilization % = $\frac{\text{Vehicle Count}}{\text{Park \& Ride Capacity}}$

Average Weekday Utilization is determined by dividing the vehicle count at 11:00 AM by the Park & Ride capacity.

Paid Park & Ride Program

Paid Park & Ride Capacity:

- Clareview West – 234
- Belvedere – 50
- Stadium – 65
- Century Park – 186

ETS offers customers reserved parking at select Park & Ride locations. Paid Park & Ride stalls are available for transit customers who wish to have reserved monthly parking at selected LRT Stations. The reserved stalls in these parking lots are available to paid transit customers on a first-come, first served basis. Paid transit customers will be guaranteed parking but will not be given a dedicated parking stall. At the time of the Spring 2016 Park & Ride Survey, the total numbers of overserved stalls reserved for the paid Park & Ride program were 535.

Methodology

The number of vehicles in the five LRT Park & Ride sites, three Transit Centre Park & Ride sites and Davies City Lot are counted three times a year on a Wednesday and a Thursday. The timing of the surveys capture three different levels of demand for Transit:

- The fall count is conducted between September 1 and November 30. This period represents a high demand season as post-secondary institutions and schools are both in session and most people are back at work.
- The spring count is conducted between mid-April and June 30. This period represents a moderate demand season as post-secondary institutions are not in full session but schools are in session and most people are working.
- The summer count is conducted between July 1 and September 1. This period represents a low demand as people tend to be on vacation and post-secondary institutions and schools are not in session.

Utilization surveys are conducted on Wednesdays and Thursdays to capture the different usage patterns for the University of Alberta lecture hours (Monday/Wednesday/Friday and Tuesday/Thursday).

The vehicles in each site are counted within an hour starting at approximately 6:00, 7:00, 8:00, 9:00 and 10:00.

The capacity of each Park & Ride site is a reflection of the number of parking spaces available on the day of the survey. The totals for parking spaces used and capacity do not include reserved spaces for Transit, Taxis, Kiosk and Kiss & Ride.

DISCLAIMER

The Monitoring Services team makes an extensive effort to assure the quality of information contained in this report is correct. Transit usage can vary by 10 percent or more from one day to the other or by season to season. Our team tries to minimize the variations by conducting surveys around the same time of the year. Year to Year variation may be due to random events such as weather, accidents or unforeseen events affecting service delivery. It is impossible to achieve complete accuracy and consistency in the reported data.

We recommend looking at trends, since variation that is consistent over a longer period is more likely to be real and not just the result of random events. Consideration and appropriate weighting of other sources is to be encouraged before making decisions.
