SHAPE OUR CITY

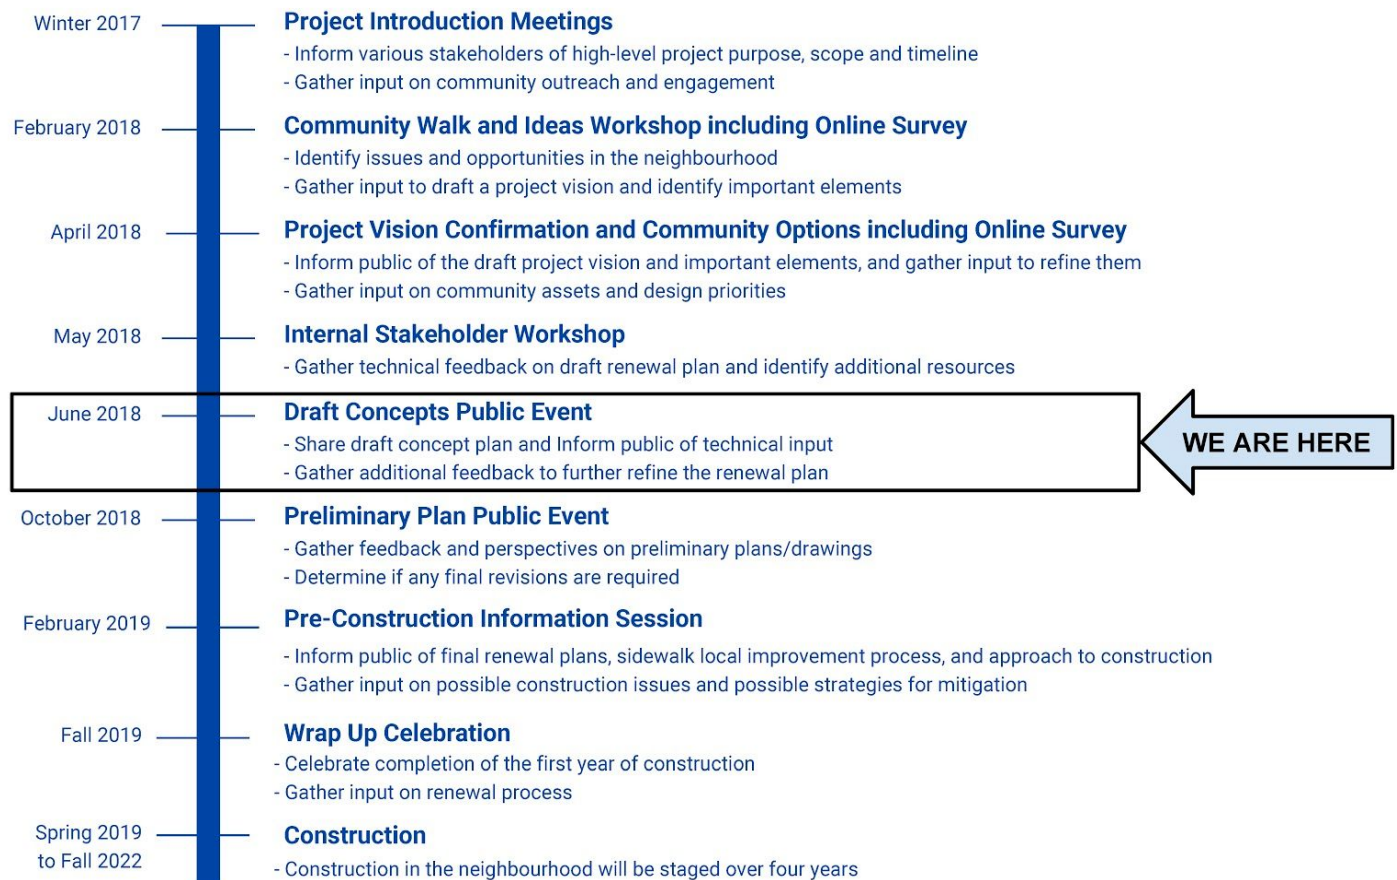

Edmonton

June 2018

Project Overview

In 2019, Alberta Avenue will see the replacement of its aging collector and local roadway surfaces, street lights, and sidewalks as part of the City of Edmonton's Neighbourhood Renewal program for mature neighbourhoods. A dedicated City branch, Building Great Neighbourhoods, is also exploring the redevelopment of other City-owned areas within the community, including green spaces and parks, and looking for opportunities and funding to make desired upgrades and enhancements in coordination with the Neighbourhood Renewal program. The reconstruction in Alberta Avenue is expected to be a 4-year renewal with anticipated completion in 2022.

Planning for renewal is now mid-way. Based on the feedback collected during the previous public events and surveys, the project team is ready to display the first plans during the June 21st **Draft Concepts Public Event**, for additional input from the community. The next steps will be to analyse the public feedback, refine the draft designs further and set the priorities. The refined designs that will be incorporated into Neighbourhood Renewal plans (preliminary designs) will be shown to the public in the Fall. Additional details are shown in the project timeline below.
