

# LOCAL IMPROVEMENTS

# Local Improvements

Two types involved with neighbourhood reconstruction:

## City initiated

- City proposes improvement and advises property owners of improvement and projected costs.  
e.g. Sidewalk reconstruction

## Property owner requested

- Property owners propose improvement through an Expression of Interest (EOI) and gather support for it.  
e.g. Decorative streetlights

# Sidewalk Reconstruction

- City and property owner share costs (50/50) of sidewalk reconstruction adjacent to the owner's property.
- Current 2013 Residential Local Improvement rates are about \$181.29 per meter of lot frontage.
- A typical 15.24m frontage (50 foot) the property owner portion would be about \$2,762.86.
- One-time cash payment to the City. Or spread over 20 years on your local property taxes - about \$194.77 a year for 20 years.

# Sidewalk Reconstruction

- Done by project area.
- Map of project area provided with Local Improvement Notice.
- If 51% of property owners in any given project area petition against the local improvement, it is defeated.
