

Building Great Neighbourhoods in Strathcona

SHARE YOUR VOICE
SHAPE OUR CITY

Edmonton

March 2018

Strathcona's neighbourhood renewal has begun!

In 2019, Strathcona will see the replacement of its aging collector and local roadway surfaces, streetlights, and sidewalks as part of the City of Edmonton's Neighbourhood Renewal program for mature neighbourhoods. Planning for this renewal has just begun and is the focus for a new dedicated City branch, **Building Great Neighbourhoods**. The redevelopment of other City-owned areas within the community, including green spaces and parks will also be explored. Alleys and arterial roads are not part of this work.

Building Great Neighbourhoods

Working together to make the most out of your neighbourhood.

This is your city and your neighbourhood. We want to understand how you experience your neighbourhood and ask for your input on what we might do to make it better. We will engage and work with you on the renewal of roads, sidewalks, streetlights, and park spaces, and promote other opportunities to enhance how people live and interact in your community. We commit to being open and transparent about how your input is used. Let's make the most out of your neighbourhood.

Get Involved

With construction slated to begin in 2019, now is the time to be part of the planning. Share your voice to shape a safe, walkable, bikeable, driveable and livable community for now and the future. You, along with your neighbours, area business owners, and stakeholders, are invited to get involved. Working together, we can achieve outcomes that meet your expectations.

The City recognizes each Edmonton neighbourhood is unique. To ensure a solid understanding of what is important to those who live, work and play in Strathcona, we will engage in broad, inclusive engagement to understand visions and views for the future of the neighbourhood. There will be many opportunities during the coming year for you to get involved.

Project Phases and Schedule
