Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$662.00 - 2018 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There is an existing access to 52 Avenue. Upon redevelopment of proposed Lot 25B, the existing residential access to 52 Avenue will require removal. The owner/applicant will be required to obtain a Permit to remove the access, available from Development & Zoning Services, 2nd Floor, 10111 - 104 Avenue. Further access details will be reviewed upon submission of a detailed site plan or Development Permit application.
- Access for future development must be to the adjacent alley in conformance with the Mature Neighbourhood Overlay Sec. 814.3(17) of the Zoning Bylaw #12800.
- Further details of access will be reviewed upon submission of a detailed site plan or development permit application.
- The Lansdowne neighbourhood is on the Neighbourhood Renewal program. This particular location is scheduled for reconstruction in 2017/2018. Subdivision Planning recommends that the owner/applicant email BuildingGreatNeighbourhoods@edmonton.ca to coordinate any work on road right-of-way.

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222) and Drainage Planning and Engineering (water and sewer 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 10.9 m east of the west property line of Lot 25. The existing storm service enters the proposed subdivision approximately 10.7 m east of the west property line of Lot 25. As per the Sewers and Waterworks Bylaws, these services cannot cross the proposed property line.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan (contact EPCOR Land and Administration Group at 780-412-3252).
