ATTENTION: Tarah Coutts

Dear Ms. Coutts:

RE: Tentative plan of subdivision to create 116 single detached residential lots, 10 semi-detached residential lots and one (1) Public Utility lot from the SW 21-51-25-W4M and Lot 1, Block 1, Plan 932 3045 located north of 28 Avenue SW and east of 184 Street SW; **KESWICK**

---

**I The Subdivision by Plan is APPROVED on April 14, 2016, subject to the following conditions:**

1. that the owner provide Municipal Reserve (MR) in the amount of 6.10 ha by a Deferred Reserve Caveat (DRC) registered against the SW 21-51-25-W4M pursuant to Section 669 of the Municipal Government Act;
2. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
3. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., and EPCOR Water Services Inc., as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
4. that the subdivision boundary be amended to include the Public Utility lot that abuts this subdivision, as shown on the "Conditions of Approval" maps, Enclosures I and II;
5. that the subdivision boundary be amended to include the dedication of 28 Avenue SW to conform to an approved Concept Plan, or to the satisfaction of Transportation Planning and Engineering, as shown on the "Conditions of Approval" map, Enclosure II;
6. that subject to Condition I (5) above, the owner clear and level 28 Avenue SW as required for road right of way dedication;
7. that the owner dedicate additional road right-of-way for 182 Street SW, as required, to accommodate the roundabout in accordance with the National Cooperative Highway Research Program (NCHRP) and to the satisfaction of Transportation Planning and Engineering, as shown on the "Conditions of Approval" map, Enclosure I;
8. that the owner register easements for 182 Street SW and Hiller Road SW rights of way, the mono-walk, greenway, shared use paths, water main connection and sanitary and storm sewers, as shown on the "Conditions of Approval" map, Enclosure II;

9. that the owner register a freeboard restrictive covenant in favour of the City of Edmonton against the lot flanking the Stormwater Management Facility (SWMF) as shown on the "Conditions of Approval" map, Enclosure I; and
10. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

**II That the Servicing Agreement required in Clause I (2) contain, among other things, the following:**

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner pay the Drainage Assessments applicable to this subdivision;
4. that the owner pay the Arterial Roadway Assessments applicable to this subdivision;
5. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;
6. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
7. that the owner provide servicing for the portion of the future MR lot abutting this subdivision and that the engineering drawings include full site servicing for the entire MR lot including, but not limited to, 3-phase power and shared use path lighting, to the satisfaction of all affected City Departments and agencies;
8. that the owner design and construct the ultimate SWMF, to the satisfaction of Drainage Planning and Engineering and Transportation Planning and Engineering, as shown on the "Conditions of Approval" map, Enclosure II;
9. that the engineering drawings include offsite underground utilities including a 250 mm water main connection and sanitary and storm sewers connections, to the satisfaction of EPCOR Water Services Inc. and Drainage Planning and Engineering, as shown on the "Conditions of Approval" map, Enclosure II;
10. that the engineering drawings include a temporary 4 m gravel surface emergency access with T-bollards, to the satisfaction of Transportation Planning and Engineering, as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to CCC for roads (or when required by Transportation Planning and Engineering);
11. that the engineering drawings include a temporary 6 m gravel surface roadway connection to the satisfaction of Transportation Planning and Engineering, as shown on the "Conditions of Approval" map, Enclosure I. This roadway will be required prior to CCC for roads (or when required by Transportation Planning and Engineering);

12. that the engineering drawings include the temporary tie-in of Keswick Way SW to 184 Street SW, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure I;
13. that the engineering drawings include the first two (2) lanes of Hiller Road SW to an arterial roadway standard including channelization, accesses, intersections, shared use path, sidewalk, lighting and any transitional improvements, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure II;
14. that the engineering drawings include 182 Street SW including the permanent roundabout in accordance with the NCHRP, as per City of Edmonton Design and Construction Standards and to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure II;
15. that the engineering drawings include and the owner construct a 3 m hard surface shared use path with “Shared Use” signage, lighting, and bollards, within the greenway, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure I;
16. that the engineering drawings include and the owner construct 3 m hard surface shared use paths including “Shared Use” signage, within Hiller Road SW and 182 Street SW road rights-of-way, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure II;
17. that the engineering drawings include and the owner construct 3 m hard surface shared use paths including “Shared Use” signage, lighting and bollards, within the SWMFs, as per City of Edmonton Design and Construction Standards, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure II;
18. that the engineering drawings include and the owner construct a 2 m mono-walk with straight faced curb and gutter, within 182 Street SW, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosures I and II;
19. that the owner construct King Vista SW to include a 9.15 m carriageway within an 18 m right of way, including a parking ban on one side, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure I;
20. that the owner provide a zebra marked crosswalk with curb extensions, curb ramps and pedestrian signage to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure I;
21. that the owner construct a 1.5 m concrete sidewalk with lighting and bollards, within the walkway, to the satisfaction of Transportation Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure I;
22. that the owner construct all fences wholly on privately-owned lands and the MR lot, to the satisfaction of Transportation Planning and Engineering and Sustainable Development, as shown on the “Conditions of Approval” map, Enclosure I; and

23. that the owner is responsible for the landscape design and construction within the Public Utility lot, road rights of way, walkway and greenway to the satisfaction of City Departments and affected utility agencies.

Enclosures I and II are maps of the subdivision identifying major conditions of this approval.

An amendment to the Keswick Neighbourhood Design Report shall be submitted for review and acceptance, to the satisfaction of Drainage Planning and Engineering, prior to the circulation of engineering drawings.

MR for the SW 21-51-25-W4M in the amount of 6.10 ha is being provided by a DRC with this subdivision. No MR is owed for Lot 1, Block 1, Plan 932 3045.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.

If you have further questions, please contact Ms. Kristen Rutherford at 780-442-5047 or [kristen.rutherford@edmonton.ca](mailto:kristen.rutherford@edmonton.ca).

Yours truly,

Blair McDowell

ATTENTION: Bwale Bwalya

Dear Ms. Bwalya:

RE: Tentative plan of subdivision to create two (2) multiple family lots (MFL), from Lots 8 and 9, Block 19, Plan 822 2093 located west of 112 Street NW and south of Saddleback Road NW;  
**BLUE QUILL**

---

**I The Subdivision by Plan is APPROVED on April 14, 2016, subject to the following conditions:**

1. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
2. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., and EPCOR Water Services Inc., as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement;
3. that the owner be permitted to register this plan of subdivision in stages, at the discretion of the Chief Subdivision Officer, having regard to the provision of roadways, Municipal Reserve (MR) and the logical extension of services, as shown on the "Conditions of Approval" map, Enclosure I; and
4. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

**II That the Servicing Agreement required in Clause I (1) contain, among other things, the following:**

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;

4. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
5. that the engineering drawings for Stage 2 include a sanitary sewer main extension, to the satisfaction of Drainage Planning and Engineering, as shown on the “Conditions of Approval” map, Enclosure I;
6. that the owner construct all fences wholly on privately-owned lands, to the satisfaction of Transportation Planning and Engineering and Sustainable Development, as shown on the “Conditions of Approval” map, Enclosure I; and
7. that the owner is responsible for the landscape design and construction within road rights of way to the satisfaction of City Departments and affected utility agencies.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.

ATTENTION: Janice Lee

Dear Ms Lee:

RE: Tentative plan of subdivision to create one (1) multiple family lot (MFL) and one (1) Municipal Reserve lot, from Lot 111, Block 18, Plan 032 1459 located south of 12 Avenue NW and west of 113 Street NW; **TWIN BROOKS**

---

**I The Subdivision by Plan is APPROVED on April 14, 2016, subject to the following conditions:**

1. That the owner dedicate Municipal Reserve (MR) as a 4.66 ha lot pursuant to Section 666 of the Municipal Government Act as shown on the "Conditions of Approval" map, Enclosure I;
2. that the owner enter into a Servicing Agreement with the City of Edmonton pursuant to Section 655 of the Municipal Government Act;
3. that the owner prepare the necessary plans and documentation to grant new or carry forward existing easements and restrictive covenants in favour of the City of Edmonton, EPCOR Distribution & Transmission Inc., and EPCOR Water Services Inc., as required by the aforementioned agencies or shown on the engineering drawings that are deemed to be part of the Servicing Agreement; and
4. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

**II That the Servicing Agreement required in Clause I (2) contain, among other things, the following:**

1. that the owner pay all servicing costs, assessments, roadway modification costs (including but not limited to sidewalk, shared use path and/or transit infrastructure), construction costs and inspection costs required by this subdivision;
2. that the owner pay all costs specified in the Servicing Agreement prior to endorsement of the plan of survey;
3. that the owner pay the Drainage Assessments applicable to this subdivision;
4. that the owner submits an Erosion and Sediment Control (ESC) Plan specific for this development and for implementation during and after construction in accordance with the City of Edmonton ESC Guidelines and Field Manual;

5. that the owner submits detailed engineering drawings and technical studies in accordance with the City of Edmonton Design and Construction Standards and to the satisfaction of the City Departments and affected utility agencies;
6. that the owner construct fences wholly on privately-owned lands, to the satisfaction of Transportation Planning and Engineering and Parks and Biodiversity, as shown on the “Conditions of Approval” map, Enclosure I; and
7. that the owner is responsible for the landscape design and construction within the Reserve lot and road rights of way, to the satisfaction of City Departments and affected utility agencies.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

MR is being dedicated to re-establish reserve designation on the proposed Municipal Reserve lot. The designation was removed from Lot 111, Block 18, Plan 032 1459 to allow for the proposed multiple family development.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.

**The Subdivision by Plan is APPROVED on April 14, 2016, subject to the following conditions:**

1. that the owner obtain a permit to demolish the existing dwelling and garage prior to endorsement of the final plan. Demolition permits can be obtained from Sustainable Development, 5<sup>th</sup> floor, 10250 – 101 Street NW;
2. that the owner abandon the existing lead water service to proposed Lot 19 (contact Water and Sewer Services at 780-469-5444); and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

**Please be advised of the following:**

1. that the owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Residential and Business 780-423-2500), ATCO Gas (780-424-5222) and Drainage Planning and Engineering (water and sewer 780-496-5444);
2. that the existing service (sanitary) enters the proposed subdivision approximately 42.6 m east of Manhole # 270254 off of the lane (see attached comments from Drainage Planning and Engineering). As per the Sewers and Waterworks Bylaws, this service (as well the future water service) cannot cross the proposed property line;
3. that if power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan (contact EPCOR Land and Administration Group at 780-412-3252);
4. that the owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the *Safety Codes Act* and *Alberta Building Code*. Permits may be required for such changes. Please contact 311 for more information.

5. that the next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$636.00) and subsequently released to the applicant for registration at the Land Titles Office;
6. that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act, 2000 has lapsed;
7. that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton; and
8. that the owner may lodge an appeal in accordance with Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.

If you have further questions, please contact Stuart Carlyle at 780-496-6068 or [stuart.carlyle@edmonton.ca](mailto:stuart.carlyle@edmonton.ca).

**OUR FILE NO.:** 51-014-011-009

**PREPARED BY:** Nina Lumabi  
Water and Sewer Servicing Section  
Drainage Services

---

The Water and Sewer Servicing Section of Drainage Services has reviewed the proposal and have the following comments:

### **Water and Sewer Service Information**

Following is the water and sewer servicing information for the proposed re-subdivision parcel(s):

#### **Plan 3027HW, Block 1, Lot A (6318-111 Avenue)**

##### **Proposed Lot 19, Blk 1**

- 1-20mm **lead** water service exists off the Lane North of 111 Avenue at 28.9m East of the East Property Line of 64 Street. Please see the note below.
- A sanitary service exists off the Lane North of 111 Avenue at 42.6m East of Manhole # 270254. The location at the main is assumed straight out.

**NOTE:** Please be advised that the existing 20mm lead (Pb) water service to the property line does not meet current standards and **cannot** be re-used for the proposed development and a new water service will be required directly off Epcor's water main. The existing 1-20mm lead water service **must** be abandoned back to the main by Epcor Water. Please contact our office at 780-496-5444 for more information regarding a new service and/or the abandonment.

##### **Proposed Lot 20, Blk 1**

- Our records indicate that no water and/or sewer services currently exist to the proposed subdivision parcel directly off City mains.

### **Water and Sewer Servicing Conditions**

1. It is required under the City's Drainage Bylaw and EPCOR Water Standards that **each** separately titled parcel **must** be independently serviced with water and sewer services directly off public mains. A private water and sewer system cannot cross one separately titled parcel to service another and cannot be used to service more than one separately titled parcel.
2. As per the Drainage Bylaw, no owner shall drain their property in such a manner as to cause or have potential to cause a nuisance, hazard, or damage to their property or to adjacent parcels. Drainage Services will determine and specify the location of release of storm water and subsurface drainage to a sewer service, an overland route, or a specific overflow point on or from the parcel. Each separately titled parcel must drain the storm water and subsurface drainage entirely to its own private drainage system.
3. **New water and sanitary services will be required for proposed Lot 20, Blk 1 directly off city mains.**

4. The existing 1-20mm lead water service **must** be abandoned back to the main by Epcor Water. Please contact our office at 780-496-5444 for more information regarding a new service and/or the abandonment.
5. The owner/developer will be responsible for the relocating any water and sewer lines on private property which cross from one separately titled lot to another. **Prior to sub-division, all water and sewer lines which cross from one new separately titled lot to another must be identified and relocated at the owner's expense. Each new separately titled lot is required to be individually serviced with water and sewer services directly off city mains and must drain entirely to its own private drainage system.**
6. Construction charges will apply for any new water, sanitary and storm services required which will be constructed by the City.

**General**

1. Refer to comments from other sections of Drainage Services regarding sewer main locations, capacities and/or mainline extensions.
  2. Also, refer to comments from Water Engineering regarding watermain locations, capacities and/or mainline extensions.

Water and Sewer Servicing Section  
Drainage Services

---

The Water and Sewer Servicing Section of Drainage Services has reviewed the proposal and have the following comments:

### **Water and Sewer Service Information**

Following is the water and sewer servicing information for the proposed re-subdivision parcels:

#### **Proposed Lot 30, Block 1 (0.033ha parcel)**

- 1-20mm water service and 1-150mm sanitary service exist in common trench on the lane south of 79<sup>th</sup> Ave at 2.8m east of the west property line of proposed lot 30.

#### **Proposed Lot 31, Block 3 (0.034ha parcel)**

- 1-100mm storm service exists on 79<sup>th</sup> Ave at 0.2m east of the west property line of proposed lot 31.

### **Water and Sewer Servicing Conditions**

1. It is required under the City's Drainage Bylaw and EPCOR Water Standards that each separately titled parcel must be independently serviced with water and sewer services directly off public mains. A private water and sewer system cannot cross one separately titled parcel to service another and cannot be used to service more than one separately titled parcel.
2. As per the Drainage Bylaw, no owner shall drain their property in such a manner as to cause or have potential to cause a nuisance, hazard, or damage to their property or to adjacent parcels. Drainage Services will determine and specify the location of release of storm water and subsurface drainage to a sewer service, an overland route, or a specific overflow point on or from the parcel. Each separately titled parcel must drain the storm water and subsurface drainage entirely to its own private drainage system.
3. **New water and sanitary services will be required for proposed lot 31 directly off city mains prior to subdivision approval.**
4. **New storm service will be required for proposed lot 30 directly off city mains prior to subdivision approval.**
5. Construction charges will apply for any new water, sanitary and storm services required which will be constructed by the City.

### **General**

1. Refer to comments from other sections of Drainage Services regarding sewer main locations, capacities and/or mainline extensions.
2. Also, refer to comments from Water Engineering regarding watermain locations, capacities and/or mainline extensions.

Water and Sewer Servicing Section  
Drainage Services

---

The Water and Sewer Servicing Section of Drainage Services has reviewed the proposal and have the following comments.

### **Water and Sewer Service Information**

Plan 3875P, Blk 72, Lot 12 (10435 – 140 Street)

Proposed Lot 22, Blk 72

- 1-20mm water service and 1-150mm sanitary service exists off the Lane East of 140 Street at 27.4m South of the South Property Line of 105 Avenue.

Proposed Lot 21, Blk 72

- Our records indicate that no water and/or sewer services exist directly off city mains.

### **Water and Sewer Servicing Conditions**

1. It is required under the City's Drainage Bylaw and EPCOR Water Standards that **each separately titled parcel must be independently serviced with water and sewer services directly off public mains**. A private water and sewer system cannot cross one separately titled parcel to service another and cannot be used to service more than one separately titled parcel.
2. As per the Drainage Bylaw, no owner shall drain their property in such a manner as to cause or have potential to cause a nuisance, hazard, or damage to their property or to adjacent parcels. Drainage Services will determine and specify the location of release of storm water and subsurface drainage to a sewer service, an overland route, or a specific overflow point on or from the parcel. Each separately titled parcel must drain the storm water and subsurface drainage entirely to its own private drainage system.
3. **New water and sewer services will be required for proposed Lot 21 directly off city mains prior to subdivision approval.**
4. Construction charges will apply for any new water, sanitary and/or storm services required which will be constructed by the City from the main to the Property Line.

### **General**

1. Refer to comments from other sections of Drainage Services regarding sewer main locations, capacities and/or mainline extensions.
2. Also, refer to comments from Water Engineering regarding water main locations, capacities and/or mainline extensions.

---

**The Subdivision by Plan is APPROVED on April 14, 2016, subject to the following conditions:**

1. that the owner obtain a permit to demolish the existing dwelling and garage prior to endorsement of the final plan. Demolition permits can be obtained from Sustainable Development, 5<sup>th</sup> floor, 10250 – 101 Street NW;
2. that the owner shall dig and locate the existing sanitary service. An ALS stamped survey must then be submitted to Water and Sewer Servicing for review (contact 780-496-5444 for more information); and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

**Please be advised of the following:**

1. that the owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Residential and Business 780-423-2500), ATCO Gas (780-424-5222) and Drainage Planning and Engineering (water and sewer 780-496-5444);
2. that the existing service (water) enter the proposed subdivision approximately 8.6 m south of the south property line of 112 Avenue off of the lane (see attached comments from Drainage Planning and Engineering). As per the Sewers and Waterworks Bylaws, these services cannot cross the proposed property line;
3. that the owner be aware of an existing power pole in the lane that may interfere with a proposed access to Lot 20, as shown on the Enclosure. Should relocation of the pole be required, all costs associated with the relocation must be borne by the owner. Contact Nick Shapka (780-412-3089) of EPCOR Distribution & Technologies for more information;

4. that if power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan (contact EPCOR Land and Administration Group at 780-412-3252);
5. that the owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the *Safety Codes Act* and *Alberta Building Code*. Permits may be required for such changes. Please contact 311 for more information.
6. that the next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$636.00) and subsequently released to the applicant for registration at the Land Titles Office;
7. that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act, 2000 has lapsed;
8. that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton; and
9. that the owner may lodge an appeal in accordance with Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.

If you have further questions, please contact Stuart Carlyle at 780-496-6068 or [stuart.carlyle@edmonton.ca](mailto:stuart.carlyle@edmonton.ca).

Yours truly,

Blair McDowell

OUR FILE NO.: 51-014-011-009

PREPARED BY: **Greg Derkach**  
Water and Sewer Servicing Section  
Drainage Services

---

The Water and Sewer Servicing Section of Drainage Services has reviewed the proposal and have the following comments.

### **Water and Sewer Service Information**

Plan 0022306, Blk 28, Lot 10A (11148 – 132 Street)

Proposed Lot 20, Blk 28 (0.043ha parcel)

- 1-20mm water service exists off the Lane West of 132 Street at 8.6m South of the South Property Line of 112 Avenue.

Proposed Lot 19, Blk 28 (0.043ha parcel)

- Our records indicate that no water services exist directly off city mains.

**NOTE: Sewer service exists to Lot 10A. The owner/developer must dig and locate the existing sewer service at the property line in order to verify the location and submit survey with ALS stamp to Drainage Services prior to payment of new services.**

### **Water and Sewer Servicing Conditions**

1. It is required under the City's Drainage Bylaw and EPCOR Water Standards that **each** separately titled parcel **must be independently serviced with water and sewer services directly off public mains**. A private water and sewer system cannot cross one separately titled parcel to service another and cannot be used to service more than one separately titled parcel.
2. As per the Drainage Bylaw, no owner shall drain their property in such a manner as to cause or have potential to cause a nuisance, hazard, or damage to their property or to adjacent parcels. Drainage Services will determine and specify the location of release of storm water and subsurface drainage to a sewer service, an overland route, or a specific overflow point on or from the parcel. Each separately titled parcel must drain the storm water and subsurface drainage entirely to its own private drainage system.
3. **New water service will be required for proposed Lot 19 directly off city mains prior to subdivision approval.**
4. **New sanitary service will be required for proposed Lot 19 or 20 directly off city mains prior to subdivision approval.**
5. Construction charges will apply for any new water, sanitary and/or storm services required which will be constructed by the City from the main to the Property Line.

### **General**

1. Refer to comments from other sections of Drainage Services regarding sewer main locations, capacities and/or mainline extensions.

2. Also, refer to comments from Water Engineering regarding water main locations, capacities and/or mainline extensions.

ATTENTION: Reanna Feniak

Dear Ms. Feniak:

RE: Tentative plan of subdivision to revise conditionally approved LDA14-0566 by adjusting the property lines for the single detached residential lots only from the SE 6-52-25-W4M located north of 23 Avenue NW and west of 199 Street NW; **RIVERSIDE**

---

**The Subdivision by Plan is APPROVED on April 14, 2016, subject to the following conditions:**

1. this subdivision shall be registered concurrent with LDA14-0566;
2. that the owner shall submit revisions to engineering drawings, subject to the extent of the proposed revisions, to the satisfaction of Development Coordination; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

**Please be advised of the following:**

1. that the owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Residential and Business 780-423-2500), ATCO Gas (780-424-5222) and Drainage Planning and Engineering (water and sewer 780-496-5444);
2. that the next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$636.0) and subsequently released to the applicant for registration at the Land Titles Office;
3. that the Subdivision Authority will not endorse the plan of subdivision or other instrument until the appeal period as prescribed by the Municipal Government Act, 2000 has lapsed;
4. that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton; and

5. that the owner may lodge an appeal in accordance with Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 – 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be five (5) days from the date the decision is mailed.
