Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$3,031 - 2021 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- Site access has been approved to 76 Street. Specific details of access have been reviewed through a Development Permit for the site (POSSE # 360552468-002).
- The proposed connector sidewalk on 76 Street and the proposed connector sidewalk to tie into the existing shared use path has been advised with the development permit.
- The construction of a 4.0 m X 9.0 m bus stop and amenities pad on Millbourne Road East has been conditioned with the development permit.

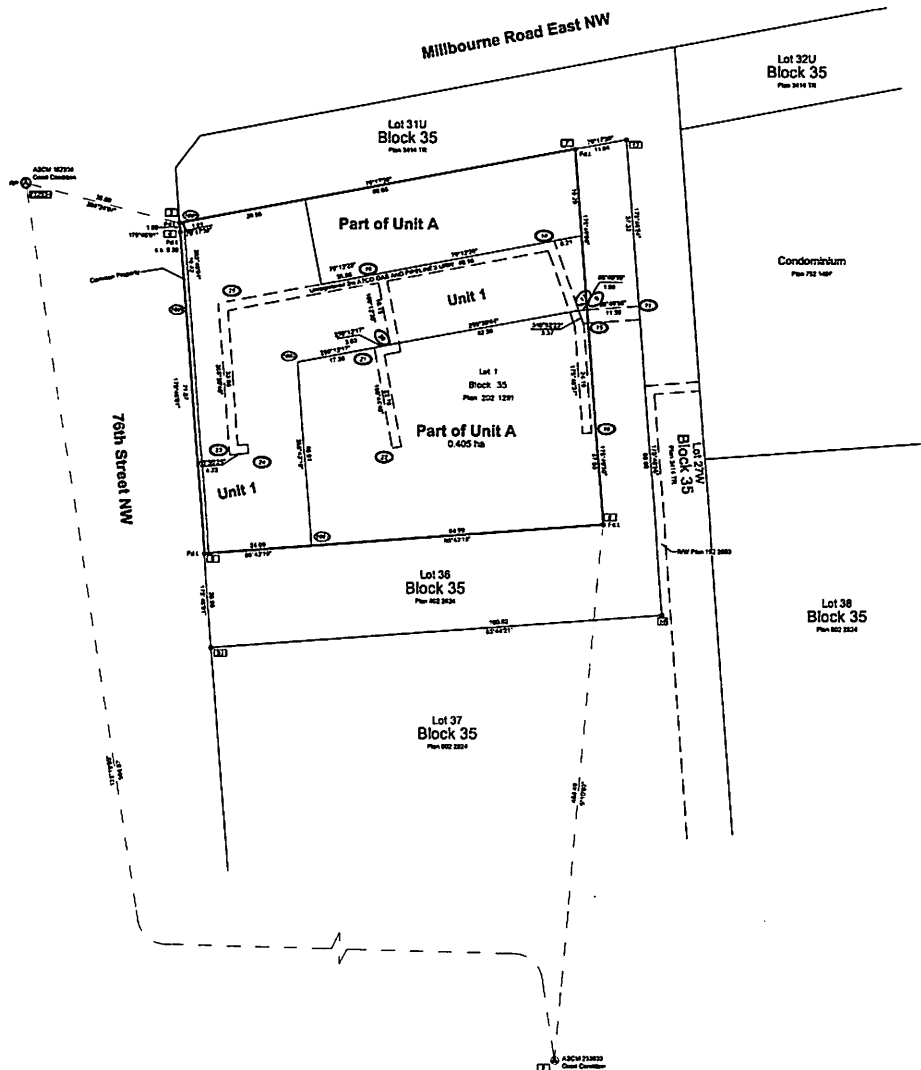

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- Sanitary, stormwater, and water services must enter into the proposed site through an area designated as common property.
- The owner must design and construct onsite stormwater management requirements to accommodate the excess runoff from a 1 in 100 year design rainfall event with an outflow rate of 35 liters per second per hectare to the public storm sewer system.
- There is a deficiency in on-street hydrant spacing adjacent to the property. The applicant/owner is advised to review on-site fire protection requirements to ensure adequate coverage (contact EPCOR Water at 780-412-3955).
- Permanent Area Contribution (PAC) cost sharing assessments and the Sanitary Sewer Expansion Assessment are already assessed under agreement SA51276.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$686.00 - 2021 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There is an existing boulevard tree adjacent to the site, near the intersection of 39A Avenue NW and 40 Avenue NW, that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website at [www.edmonton.ca](http://www.edmonton.ca) (search "Trees and Construction").
- There is an existing access to 39A Avenue NW. Upon redevelopment of proposed Lot 34A, the existing residential access to 39A Avenue NW may require modifications to ensure that access is available to proposed Lots 34A and 34B. Apply online at [www.edmonton.ca/permits](http://www.edmonton.ca/permits).

Building / Site

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water, sanitary, and storm) enter the proposed subdivision approximately 12.6 m west of the east property line of Lot 34 off 39A Avenue NW. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).
