

## Construction Notice: Valley Line West LRT

### Borehole Drilling on 156 and 163 Streets and Stony Plain Road and 87 Avenue

- Marigold Infrastructure Partners will be drilling boreholes for underground samples that will provide important data to guide the design and construction of the LRT infrastructure. Once the sample has been acquired, the hole will be resealed.
- Beginning on April 15, 2021, crews will be verifying local ground conditions along 156 and 163 Streets and Stony Plain Road and 87 Avenue.

#### To accommodate this work, the public will be impacted in the following areas:

- This will be a moving work zone – work will not be fixed to one location but will move eastbound from site-to-site along 156 and 163 Streets and Stony Plain Road and 87 Avenue.
- This work will occur during off-peak hours (9 a.m. – 3 p.m.)
- There will be periodic traffic interruptions of approximately three hours at each location while work occurs
- Pedestrian access will be maintained.
- Access to ETS Bus Stops will be maintained.
- This work is expected to last one week.
- Slight engine noise can be expected while drilling occurs.
- Every effort will be made to reduce the impact to the public.

*The information in this bulletin is current to April 7, 2021. Please note that all dates are approximate and weather-dependent. We thank you for your patience during construction of the Valley Line West LRT project.*
