

July 2026

Missing Sidewalk Construction: 153 Avenue

The City of Edmonton will be constructing a new sidewalk along 153 Avenue from 121 Street to 126 Street this summer as part of the Missing Sidewalk Program. The program focuses on filling in missing links in the pedestrian network. Construction is anticipated to start at the end of July and be completed by the end of September 2026.

This project includes building a new sidewalk on the south side of 153 Avenue, connecting with existing paths. During construction, the eastbound south curb lane will be closed from 7 a.m. to 3:30 p.m. to safely complete this work.

For more information on the program, visit edmonton.ca/MissingSidewalk or contact:
