Missing Sidewalks: Parsons Road

The City of Edmonton will be constructing missing sidewalk links along Parsons Road from 25 Avenue to 34 Avenue this summer as part of the Missing Sidewalk Program. The program focuses on filling in missing links in the pedestrian network. Construction is anticipated to start in mid-August and be completed in fall 2026.

This project includes building two new sidewalks on the west (southbound) side of Parsons Road, connecting existing paths (see the map on the back of this bulletin). During construction, the southbound curb lane will be closed from 7 a.m. to 3:30 p.m. to ensure this work is completed safely. The lane will reopen from 3:30 p.m. until the next morning. The inside southbound lane will remain open at all times.

For more information on the program, visit edmonton.ca/MissingSidewalk or contact:
