

Rapperswill Vision Zero Street Lab Installation

New traffic safety measures are coming to **Rapperswill**! The City of Edmonton is now ready to begin installing your neighbourhood Vision Zero Street Lab.

Community Traffic Safety Concerns: What We Heard

Traffic safety issues were identified in Rapperswill and to understand these concerns the City conducted public engagement from May 13 to June 3, 2025 to gather community expertise about lived experiences and the locations of traffic safety concerns. The What We Heard report outlining the public feedback gathered is available on edmonton.ca/StreetLabs. The City used public feedback along with collected traffic data, City design standards, federal and provincial transportation infrastructure legislation, and engineering technical expertise to create a Street Lab plan for Rapperswill.

Street Lab Plan

The Rapperswill Street Lab plan, which is outlined in the table below, has been designed to best improve traffic safety in the area. The measures will begin installation in the month of **April, 2026** and are expected to be completed by early summer, 2026, weather and resource permitting.

Installation and Location	Benefit	Example of the Traffic Calming Measure
<p>Safety concerns identified:</p> <p>What We're Installing: Curb extensions at:</p> <ul style="list-style-type: none"> • Rapperswill Drive - 173A Street NW • Rapperswill Drive - 122 Street NW • 175 Avenue - 120 Street NW • 123 Street - 167A Avenue NW • 123 Street - 168 Avenue NW <p>As part of the Safe Crossings Program, Curb extensions will be installed at:</p> <ul style="list-style-type: none"> • 123 Street - North of 168 Avenue 	<p>Curb extensions narrow the street in order to:</p> <ul style="list-style-type: none"> ✓ Improve safety and visibility of the pedestrians crossing the roadway by shortening crossing distance and encouraging slower turning speeds. ✓ Prevent people from parking too close to the crosswalk, creating clearer sightlines for all road users.

Street Lab Plan

Next Steps:

After the Street Lab installation is complete, the City will review traffic data and community feedback received through 311 to assess if any adjustments are needed. An Assessment Summary will be published on edmonton.ca/StreetLabs when available. Community members can continue to inform the City about any concerns or maintenance needs related to the installed Street Lab measures through **311**.
