

Parks and Roads: Labourer I Opportunities

Edmonton

Build, Beautify, and Maintain Your City

Are you ready to work outdoors and make a visible difference in your community?
We have opportunities for everyone. Find out which type of work may suit your skills best!

Roads, Infrastructure & Paving - *Keep the city moving by maintaining pathways and structures.*

- **Paving Operations** Large scale asphalt road paving & renewal using different asphalt rehabilitation methods such as full base repair, mill and pave and crack sealing.
- **Road, Sidewalk & Pathway Maintenance** Maint and small scale replacement of public roads and sidewalks using a variety of methods and equipment. Maintenance of gravel, concrete and asphalt paths/trails.
- **Bridge Maintenance** Maintain bridges, boardwalks, and lookouts by washing and completing concrete, asphalt, and wood repairs.
- **Auxiliary Maintenance** Repair and maintain assets such as fences, walls, stairs, guardrails, and perform graffiti removal.

Green Space Maintenance & Landscaping - *Keep the city looking great with general care.*

- **Landscape Services** Mow, trim, shrub bed flower planting and weeding, light pruning, apply herbicide, general landscape cleanup and maintenance.
- **Mowing and Trimming** Manual labour using a weed eater and push mower. Operate ride-on equipment like mowers and tractors.
- **Horticulture** Mechanical weed removal and litter clean up in shrub beds using line trimmers and reciprocators, light pruning, shrub bed mulching, plant container and hanging basket watering.
- **Integrated Vegetation Management** Use of integrated pest management techniques including cultural, biological, mechanical and chemical techniques to control weeds, nuisance pests and diseases.
- **Nursery Operations** Horticultural tasks - ship, deliver, and inventory of container, ball and burlap plant material. Weed Control, watering, mulching, planting, transplanting and mowing. Clean and organize sites.

Urban Forestry - *Grow and protect the city's natural tree canopy.*

- **Urban Forestry - Planting Team** Remove and install metal tree stakes, rodent protection on trees. Assist in tree planting, shovel soil and mulch, site clean up, and drive 2 ton trucks.
- **Urban Forestry - Pruning Team** Acting as a groundsperson to support City Arborists in tree removal, tree pruning and general tree maintenance. Responsibilities include chipping brush, general site clean up, tool maintenance and managing traffic control. This position provides an opportunity to learn pruning techniques.

Community Amenities - *Ensure play areas and sports fields are game-day ready.*

- **Sportsfields** Maintain baseball diamonds, sports fields (top soil, seeding, aerating, fertilizing, overseeding), line marking, tennis courts, track and field areas and jump pits.
- **Playspaces** Maintain outdoor structures - playgrounds, spray parks, skateparks, outdoor fitness, and greenshacks.
- **Site Furnishings** Maintain outdoor furniture - benches, tables, picnic stoves, bike racks, and waste containers using woodworking/carpentry skills. This position provides an opportunity to learn carpentry techniques.

Specialized Services - *Preserve our river valley and city centre to ensure clean, safe public spaces.*

- **Trail Operations** Trail maintenance, graveling, refuse collection, waste removal, trim grass, prune and clear trees and shrubs. Clear winter snow, sand and distribute sand to community facilities.
- **Encampment** Work with a team to remove materials left from Encampment residents City-wide. Natural area inspections and related labour duties as needed.
- **Centre City - Special Waste** Downtown area cleaning and waste removal (litter, needles, biohazards).
- **Park Servicing** Empty garbage cans, litter pick up, manage bookings at picnic sites, open and close pavilions, maintain ornamental water features, spray park servicing.
