

CROMDALE

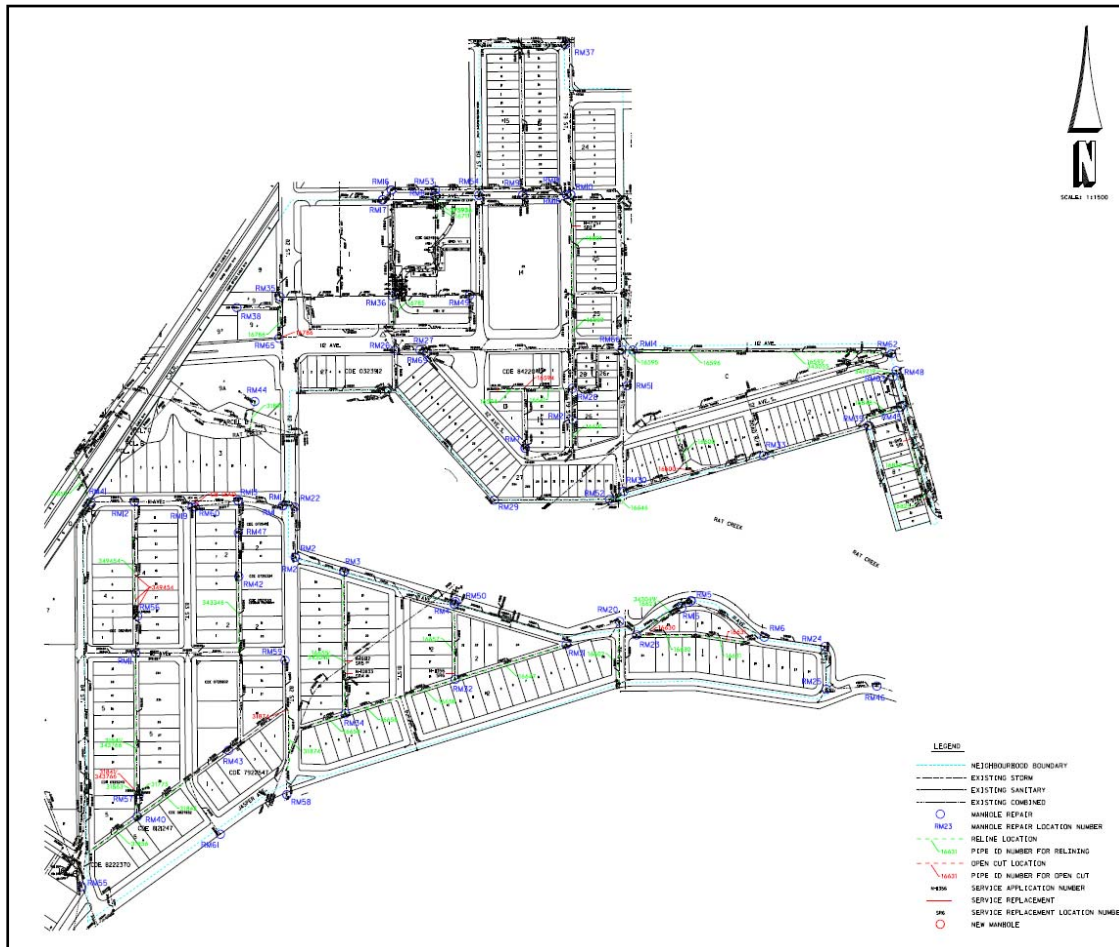

DRAINAGE NEIGHBOURHOOD RENEWAL

Drainage Neighbourhood Renewal

Drainage Services has been and will continue to be in your neighbourhood renewing and replacing storm and sanitary sewers by:

- **Relining:** involves 'cured in-place' pipe material resulting in minimal disruption to pavement.
- **Open cut:** requires significant disruption to pavement.

Drainage Neighbourhood Renewal

A map showing the locations of drainage work in your neighbourhood will be on display for you to look at following the presentation.
