# Edmonton Bike Map

BIKE EDMONTON

### Bike Safe

Stay safe and visible, make sure you have the right equipment before you start your ride.

**Required Equipment**  
Cyclists are required to have the following pieces of equipment:

- Bike helmet: Cyclists under 18 are required by law to wear a bike helmet. Adult riders are also encouraged to wear a bike helmet.
- A bicycle brake
- Lights: A white headlamp, a red tail lamp, and a red rear reflector are required when cycling at night.

**Be Seen**  
Consider using the following equipment to improve visibility and safety:

- Brightly-colored and weather-specific clothing
- A flag on your trailer

### Be Predictable

Make your intentions clear to everyone on the road.

**Get It Straight**  
Look ahead and choose a straight path rather than weaving around parked cars and other obstacles.

**Door Zone**  
When cycling beside parked cars, other obstacles, or open doors are open.

**Sidewalk and Shared-Use Paths**  
Cycling on the sidewalk is not permitted except for bikes with a 50cm wheel diameter or less, such as kids' bikes.

**Hand Signals**  
Be courteous. Use hand signals to let road users know where you are going.

### Bike on ETS

Edmonton Transit Service gives cyclists the option of taking their ride with them on the bus or LRT.

**Easy On**  
Before you reach your stop, tell the operator you will be unloading your bike, then exit by the front door.

**Easy Off**  
Squeeze handle up to release latch, then fold down the bike rack.

**On the Bus**  
ETS Buses have an easy-to-use bike rack that carries up to two bikes (except for regional buses traveling on highways).

**On the LRT**  
Outside of the peak hours cyclists can travel with their bicycles in any direction on the LRT.

### What You'll See at Intersections

**White Squares at Crosswalks**  
When a Shared-Use Path crosses an intersection, the crosswalk will be lined with white squares. These squares identify shared bicycle and pedestrian crossings and will be controlled by a pedestrian walk light or traffic signal.

**On Your Bike**  
There is no need to dismount your bike to cross.

**Green Stripes**  
A Bike Box allows cyclists to pull in front of waiting traffic at a signalized intersection making cyclists more visible and giving them a head start when turning.

**Bike Box**  
A Bike Box allows cyclists to pull in front of waiting traffic at a signalized intersection making cyclists more visible and giving them a head start when turning.

### What You'll See on the Road

**Protected Bike Lanes**  
These signs help to direct cyclists along recommended routes and remind drivers that there are more likely to be cyclists along the route.

**Painted Bike Lanes**  
On-street bike lanes marked with paint and designated for bikes only.

**Bus / Bike / Taxi Lanes**  
This is a lane shared with buses and taxis on relatively busy main streets and is for cyclists that are very comfortable riding in traffic.

**Shared Roadways**  
Cyclists and motorists share the roadway. These routes are marked with blue or green bike route signs or painted markings on the roadway.

**Shared-Use Path Etiquette**  
Be respectful. Share the path. Keep right.

**Be Courteous**  
Pass on the left. Ring bell to pass. Slow down. Always slow down and provide ample space when passing others.

### Some helpful tips for all road users

**On Your Bike**  
Yield to pedestrians in crosswalks. Watch out for new signs indicating how to safely turn at intersections. Not sure what to do? Dismount and observe what others are doing.

**In Your Car**  
Look both directions, and shoulder check before turning. Watch out for the new signs indicating changes to turning rules. Yield to bikes when crossing the bike lane and pedestrians in crosswalks.

**On Your Feet**  
Watch for turning vehicles entering and crossing accessways. When crossing the bike lane to get to a parked vehicle, yield to people on bikes.
