The Benefits of Walking

Walking . . . a healthy journey!

Ranked the number one activity of choice among Canadians, walking is the prescription for improved health and wellness. Walk briskly for 30 minutes a day, 5 days a week and minimize your risk for cardiovascular disease, stroke, type 2 diabetes and some types of cancer. Additional benefits include: weight management, blood pressure control, and boosting good cholesterol (HDL’s).

Other benefits of walking:
- Releases the body’s tension and stress.
- Refreshes the mind and body especially when walking outdoors.
- Allows you to connect with your community.
- Offers an excellent way to socialize with family and/or friends.
- Increases “eyes on the street”, enhancing community safety.

Walking is an easy activity to do, costs very little money and the benefits to health, fitness, and mental well-being are priceless!

Here are some tips to keep you on track:
- For starters, take a leisurely walk around your block. Slowly increase your walking time by 5 – 10 minutes a day until you are walking for 30 minutes. A duration of 30 minutes a day is what you’re after but don’t stop there! Once in a while, go for a 45 – 60 minute walk.
- Walking with a buddy can be very motivating.
- Gear up with loose clothing and proper walking shoes. Comfort is key.
- Walking to a destination — grocery store, mail box, school, etc. are all ways to fill your walking prescription of 30 minutes per day.

There are 1,440 minutes in a day, schedule 30 of them for walking!
Woodcroft Community League — Promoting a Safe and Active Neighbourhood

Founded in 1957, to provide a skating facility for neighbourhood children, Woodcroft Community League has always been a positive force in promoting active living.

The community league is located in Coronation Park, named in honour of the coronation of Queen Elizabeth II in 1953. The park’s sidewalks, designed in the shape of a monarch’s scepter, are treaded daily by Woodcroft’s Walking Club and residents.

Today, Woodcroft Community League flourishes with a playground, spray park, community hall, and an outdoor rink for public skating and shinny hockey. There is much to do at the community hall and in the park. Take a walk, run, or ride your bike to view the Queen Elizabeth II Planetarium complete with mosaics of the constellations. Explore the world of science at the Telus World of Science and the Observatory. Go for a swim at the beautifully designed Peter Hemingway Recreation Centre. Play tennis, go tobogganing – whatever your pleasure Woodcroft Community League invites you to join them in getting up, getting out, and getting active!

Woodcroft Community Playschool
